## Our Mission

Building Blocks strive to provide a premium quality child care service within a loving, educational and secure environment.

Our dedicated learning programs, unique purpose built indoor and outdoor environments and high team member to child ratios shows our dedication to making your child's educational experience truly memorable and fun.

To some people these are just words. To Building Blocks, it's our passion. Our total focus is your child. Building Blocks is more than a name. It's the start of your child's development, their education, and of your family's relationship with us - a foundation you can build upon.

Call: 1300 BB KIDS

## What Building Blocks Can Do For Your Child

- Qualified Early Childhood professionals that are motivated and well trained, as well as being loving and caring
- Unique purpose built indoor and outdoor areas that provide an environment that is stimulating, challenging and secure
- More team members per child ensures your child receives the personal attention they deserve
- Tailored learning programs established around the interest based play of the emergent curriculum. Emphasis is not only on fundamentals such as language, literacy and maths, but also on creative arts, life skills, problem solving and investigation
- School Readiness for children in the year prior to entering kindergarten at school
- A multicultural environment with various cultures respected and integrated into daily activities and programs, including arts and crafts, music, story telling and cooking
- Nurture and fulfil your child's needs by providing the right emotional, psychological and physical surroundings
- A centre that is fully licensed by the NSW Department of Community Services (DoCS) and registered with the National Childcare Accreditation Council (NCAC)
